rajatchaple.work

Engineer-turned Multidisciplinary Designer specializing in unified brand identity systems, spatial visualization, and user experience (UX) across digital and physical touchpoints. Leverages cutting-edge AI-driven workflows alongside human-centric strategy to accelerate design processes and build immersive user journeys. Skilled project lead and team manager with a history of executing seamless brand rollouts, large-scale events, and complex cross-functional initiatives.

WORK EXPERIENCE

Graphic Designer
Blue Box Media
2023 – 2024

- Led design and client communication for 3 major accounts; campaigns raised social media engagement by **over 20%**.
- Directed event visuals and managed a cross-functional design team.
- Created social content, marketing videos, print ads and 3D mockups; mockups shortened client approval time.

Brand & Packaging Designer
The Balm Tree
2021 – 2022

- Built the brand identity system and design guidelines from scratch for web and social media.
- Designed packaging for **10–15 product SKUs**, giving the range a consistent look on retail shelves.

Mechanical Engineering Intern
Maharashtra Metro Rail Corporation Ltd.
2022

- Carried out scheduled maintenance and quality inspections of metro mechanical components at the depot.

PROJECTS

SYNTRA – Phygital Perfume-Finder Kiosk
NID · Retail Technology (group project)

- In-store kiosk for Zara where shoppers turn physical sliders and a knob to pick price, occasion, longevity and scent notes, and get perfume matches on screen.
- Prototyped with p5.js and ESP32; added a 360° VR scent scene on Meta Quest and an AR take-away ticket.

Licious – B2B2C Retail Concept
NID · Retail Systems and Processes

- Studied Licious's business and market; designed a no-storage brand space with an ordering screen in supermarkets that routes orders to the nearest store for home delivery.

EDUCATION

M.Des in Design for Retail Experience
National Institute of Design
2025 – Present Bengaluru, Karnataka

B.Tech in Mechanical Engineering
Rashtrasant Tukadoji Maharaj Nagpur University
2019 – 2023 Nagpur, Maharashtra

KEY ACHIEVEMENTS

Adobe Next Campus Day Challenge
Winner | Designed a complete brand identity and campaign using Adobe Firefly and AI-assisted workflows.

SKILLS

Retail Experience Design / Fixture Design / Spatial Visualization / 3D Mockups / Phygital Installations / Brand Identity Systems / Packaging Design / UI/UX Design / User Research / Journey Mapping / Prototyping / Team & Event Management / Client Communication
